Before you choose

- Ask for the full warranty document for your country.
- Check for registration or residential-use conditions. Thermasol and Mr. Steam both exclude non-residential use from their residential terms.

To find dealers and installers for these brands near you, compare builders, dealers and installers in the directory.

Frequently asked questions

Which sauna heater brands come from Finland or Estonia?

Harvia says it is a Finnish company established in 1950. Helo calls itself a Finnish brand that started in 1919. HUUM says its heaters are built in Estonia. Finnleo is based in Minnesota, but says its heaters are designed and built in Finland.

How long are steam generator warranties?

Terms differ. Thermasol gives a 2-year in-home warranty on its PRO, SSA/AF and SSM residential generators, then a lifetime factory parts warranty for the original buyer. Steamist covers residential generator parts while the original buyer owns the home (USA and Canada).

Do cold plunge prices include a chiller?

Not always. Ice Barrel lists its Chiller separately at \$3,999.99. Renu Therapy lists complete plunges from \$7,500. Check what each price includes.
